8 February 1960

MEMORANDUM FOR: Chief, Materiel Branch, DPD

SUBJECT : ATI "GO-NOGO" Test Sets

REFERENCE : CHAL 8814, dated 23 Dec 59

*P. C.
Granger Black 6/1*

1. The Operations Branch has a requirement for two ATI repeater jammer test sets. These test sets are required to perform the "GO-NO GO" test on the two-watt Granger repeater jammers now installed in the U-2 aircraft. One test set will be used at Det B and one set at Det C.

2. Request you take necessary action to contract with "Applied Technology, Inc." for development and procurement of this equipment. The ATI proposal with cost quotes is attached.

3. Also attached is a copy of the approved activity program covering this equipment.
